1. The content of a Safety Manager Course (Mr P. Atkey).

It will include a presentation with a proposal from EBAss according to the European Code of Good Practice and the EBAss-ECB Resource Manual. As well, an interactive discussion with all participants will be initiated in order to improve and if possible finalize a document-recommendation of a structure for a complete, competent and up-to-date Safety Manager Course.

2. The compatibility of ICU beds for HBOT (Mr P. Kronlund).

It will include a presentation from the President of our Safety Committee in regards to the process of testing and CE marking ICU beds in order to function properly and safely under hyperbaric conditions.

3. The results of EBAss online survey "Incidence of decompression illness in multiplace chamber attendants" (Mr M. Parceiro).

It will include the preliminary results of this ongoing survey which is held online via the EBAss website. An open discussion will follow with the participation of all attendants focusing on reporting and documenting similar incidents as well as the enhancement of safety culture and the engagement to preventive measure.
